The policy of this organization, as a part of the Bell System, is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

#### NORTHWESTERN BELL TELEPHONE COMPANY

(Copyrighted, 1939, Northwestern Bell Telephone Company)

Tribune Ames---37924

#### SOME TELEPHONE SUGGESTIONS

From years of study and experience we have learned that the most satisfactory results in using the telephone are obtained when certain practices are followed. We are offering some of the results of our observations in order that you may get the best results from your telephone.

Obtain the correct telephone number from the directory before making a call. If it is not listed, call "Information."

Speak slowly, clearly and directly into the telephone, with your lips close to the mouthpiece.

Answer your calls promptly. Failure to do so may result in the loss of a message. Giving your name or the name of your firm when answering, identifies you and saves time.

When your conversation is completed, hang up the receiver and, if at a magneto telephone, give one short turn of the crank. This gives the operator the disconnect signal.

Keep the receiver on the hook when the telephone is not in use or your line will be out of order.

#### TELEPHONE ATTACHMENTS

The telephone provided you is an intricate and sensitive instrument, developed through years of experiment and research. It is complete in itself to give the best possible service.

Our experience has been that the attachment of other auxiliary apparatus to telephone instruments generally interferes with service. Therefore, we request you to refrain from attaching any devices, not supplied by the Company, to the telephone instrument or other equipment. For the same reason, we also request that no advertising devices be attached. The Telephone Company reserves the right to remove all such apparatus and devices.

If you have a special problem of telephone service, please call our Business Office and we shall be glad to assist you in meeting it.

#### DIRECTORY ERRORS

The Telephone Company issues directories to assist in furnishing prompt and efficient service and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors in, and omissions of, directory listings but they may occur and the Telephone Company will assume no lia-

bility for damages caused to a subscriber because of such errors or omissions. Likewise the Telephone Company will not be a party to controversies arising between subscribers or others as a result of listings published in its directories.

#### DIRECTORY OWNERSHIP

Use of an out-of-date directory interferes with good telephone service as each new issue contains many changes in numbers and listings. Simply as a matter of good service, the Telephone Company retains ownership of the directories and they should be surrendered by customers upon delivery of the succeeding issue. Binders or covers, other than those furnished by the Telephone Company should not be used with the directory.

#### REGULATIONS AND TARIFFS

The Telephone Company furnishes all of its various services and adjuncts thereto, subject to its published regulations and tariffs, a public file of which is located in the local Business Office. A representative of the Company will gladly lend assistance in securing information from such regulations and tariffs.

### LONG DISTANCE SERVICE

## TO MAKE A LONG DISTANCE

Ask for "Long Distance" when you wish to make a long distance call. Give the operator the name of the town you are calling, the telephone number if known, or the name and address of the residence or business firm being called, followed by your own telephone number. If you wish to talk to a specified person, also give the name of that person.

#### STATION-TO-STATION SERVICE

A Station-to-Station call is one on which you will talk with anyone available at the called telephone, except when that telephone is connected to a private branch exchange switchboard and you specify a designated extension or department. Charges for these calls are based on an initial period of three minutes, except to points for which the rate is 25 cents or less, where the initial period is five minutes. Stationto-Station calls cost less than Personto-Person calls, described below, because less operator labor and less use of long distance facilities are required to complete them.

#### PERSON-TO-PERSON SERVICE

A Person-to-Person call is one on which you specify a designated person, or an extension or department off a private branch exchange switchboard, to be reached at the called place. Charges are based on an initial period of three minutes. If the party cannot be reached directly by telephone the operator, at your request, will arrange to send a messenger to summon the called person to a telephone. will involve a small additional charge to defray the expense of the messenger. Also, at your request, the operator at no additional charge will make an appointment with the called party so that you can talk at a specified time.

#### SPECIAL RATES

For both Station-to-Station and Person-to-Person calls special rates are in effect every night from 7 p. m. to 4;30 a. m. and all day Sunday. These rates are lower than correspond-

ing week day rates on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls and in general 50 cents for Person-to-Person calls.

#### REVERSAL OF CHARGES

On both Person-to-Person and Station-to-Station calls reversal of charges is permitted without extra cost except on Station-to-Station calls of 20 cents or less for the initial period, which take a slightly higher rate when sent collect.

#### CONFERENCE SERVICE

A telephone connection can be established that enables several persons in different towns, to carry on a conversation simultaneously. To use this conference service, tell the Long Distance operator that you desire to make a Conference call and give her the same details as if separate Person-to-Person calls were being placed. To assure reaching all parties, it is desirable to place Conference calls on an appointment basis.

#### REPORT CHARGE

On Person-to-Person and Conference calls a Report charge is made when failure to establish the connection is beyond the control of the Telephone Company. A Report Charge also is made on reversed Station-to-Station calls when the answering party refuses to accept the charge and, as a result, the call is not completed.

#### CALL BY NUMBER

It will assist in furnishing the fastest long distance service if calls are placed by the telephone number. The Long Distance operator will be glad to furnish out-of-town telephone numbers.

#### RATE INFORMATION

To obtain specific rate information refer to inside front cover or call "Long Distance". If you wish to have the Long Distance operator tell you the cost of a call at the close of a conversation, notify her when you place the call.

# HAVE A FAMILY REUNION EVERY WEEK

Let your telephone help you get the most enjoyment out of life. By using long distance you can:

Save Time and Expense

Avoid Highway Hazards

Visit in Armchair Com-

Keep in Close Touch with Those You Love

## LONG DISTANCE

Lowest rates are in effect every night after 7 o'clock and all day Sunday.

## Classified Telephone Directory

November 1939

"WHERE TO BUY IT"

NORTHWESTERN BELL TELEPHONE COMPANY

## CLASSIFIED TELEPHONE DIRECTORY

Here's How to Find Where to Buy the Article or Service You Want—

- Locate the heading descriptive of the article or service you wish. These are listed alphabetically. Trade-marks or brand names will be found under headings descriptive of the product or service.
- Then select from the listings the firm or individual with whom you wish to do business.

You will find general headings descriptive of particular kinds of articles or services with lists of dealers who can serve you.

You will find display representation which will provide you with more complete buying information.

Here's How to Find the Telephone Number of a Business Firm You Have in Mind—

- Locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.
- Then locate the desired firm and telephone number by examining the listings under the heading.

If further information is desired, please communicate either by telephone or letter with our Business Office.

# TELEPHONE DIRECTORY IOWA STATE COLLEGE

Private Branch Exchange System

From Ames Telephones Call 2500

# Information on Use of College Telephones

Numbers of telephones connected with the college private branch exchange system are listed in this section of the directory.

# FIRE CALLS

In case of fire, between 7 a.m. and 10 p.m. dial "0" and report it to the operator. At other times, dial "9" and call the Fire Department.

# Use of Dial Telephones

Before making a call, consult the directory to be sure you have the correct number. Numbers of telephones connected with the college telephone system are listed in this section of the directory. Calls to these telephones are made by dialing the complete numbers. Telephones not connected with the college system are listed in the preceding sections of the directory and are reached through operators.

After you have obtained the number of the telephone you wish to call, remove the receiver and almost immediately a steady humming sound, called the dial tone, will be heard. This tone lets you know that the dial equipment is ready to receive your call.

After each call, it is necessary to hang up the receiver and get the dial tone again before making another call.

#### How to Dial

For calls to telephones listed in this section of the directory, dial each figure of the number you are calling in the order shown in the directory. To dial any figure, place your finger firmly in the opening of the dial through which the figure is seen. Pull the dial around in a clockwise direction until your finger strikes the stop. Then remove the finger and allow the dial to return without assistance to its normal position.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If a mistake is made while dialing, or if your finger slips from the dial before reaching the stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

# Service Signals

The "ringing" or "busy" signal usually will be heard within a short time after you complete dialing.

The ringing signal is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called tele-

phone is being rung.

The busy signal is a "buzz-buzzbuzz" sound that will be heard when the line of the called telephone is in use.

If you do not hear one of these signals within a reasonable length of time, hang up the receiver and dial the complete number again. If, after a second attempt, you do not hear a signal or receive an answer, dial "0" (operator) and report the condition to her.

# Calling from College Telephones

To Other College Telephones-To call another telephone connected with the college telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this sec-

tion of the directory.

To Outside Telephones-To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

# Calling College from Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

# Night Calls

In order that calls from "outside" telephones may be completed to certain college telephones during the hours 10 p.m. to 7 a.m. when a college operator is not on duty, night numbers have been assigned to hospital, residence halls

and certain other telephones. complete list of the night numbers · is shown on the last page of this sec-

tion of the directory.

To make a call between 10 p.m. and 7 a.m. from a college telephone to a college telephone with a night number, dial "9" and give the night number to the operator who will handle your call. Calls from college telephones to all other telephones should be placed at all hours as previously men-

To call college telephones from "outside" telephones during the period 10 p.m. to 7 a.m., give the operator the night number of the telephone you wish to reach.

# Long Distance Calls

To make a long distance call between the hours of 7 a.m. to 10 p.m., dial "0," the college operator who will place and handle all long distance calls during that period. During other hours, dial "9" and ask the operator who answers for "Long Distance."

To place long distance calls from a telephone with a night number during the period from 10 p.m. to 7 a.m., ask the operator answers for "Long Diswho tance." Additional information on long distance service will be found in the introductory pages in the front of this directory.

## Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

# Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office

# IOWA STATE COLLEGE

Private Branch Exchange

# TELEPHONE DIRECTORY

From Ames telephones call 2500 and ask for extension wanted. From College telephones dial the extension number wanted.
